1. Use a temporary chat, so your history doesn't bias the answer
2. Run every prompt in ChatGPT, Perplexity and Gemini
3. Run each one twice. AI answers change
4. Screenshot everything

WHAT IT MEANS

AI repeats what trusted sites say about you.

✕ Not on those sites → not in the answer

✓ Mentioned on those sites → on the shortlist

Don't chase the AI. Get mentioned where it already looks.
